Livestream available at <https://goo.gl/23EHfo>

**Speaker Host:** Dr. Linda Restifo

**Contact:** Barbara Kahn-Sales | [bkahnsales@email.arizona.edu](mailto:bkahnsales@email.arizona.edu)

# EPIGENETIC TRAJECTORIES TO CHILDHOOD ASTHMA: ARE WE WHAT OUR MOTHERS MADE US?

Dr. Vercelli is a Professor of Cellular and Molecular Medicine at the University of Arizona, the Associate Director of the Asthma and Airway Disease Research Center and the Director of the Arizona Center for the Biology of Complex Diseases (ABCD). Dr. Vercelli received her MD degree from the University of Florence. After training in Hematology and Immunology/Allergy, she became a Research Fellow in the Division of Immunology at Children's Hospital/Harvard Medical School in 1986, and an Assistant Professor of Pediatrics at Harvard Medical School in 1991. In 1994 she became the Director of the Molecular Immunoregulation Unit at San Raffaele Scientific Institute, Milan, and in 1999 she joined the Arizona Respiratory Center (now, Asthma and Airway Disease Research Center) at the University of Arizona.

**Donata Vercelli, MD**
